

Tutorial 02 Thinking Like an Economist

(2.4) In the News | Why You Should Study Economics

- Robert D. McTeer, Jr., 'The Dismal Science? Hardly!', *The Wall Street Journal*, June 4, 2003.
- The former president of Federal Reserve Bank of Dallas makes the case for studying economics.
- Economics is the best major for corporate CEOs, congressmen, or American presidents.
 - It becomes increasingly valuable as you move up the career ladder.
 - It is the study of how to anticipate unintended consequences.
